Taufik Ilham

Full-Stack Web Developer
ilham1994.it@gmail.com | +6285387432115 | Balikpapan, Indonesia | https://taufikilham.my.id | taufikilham

Summary

Full-stack developer and Information Systems graduate (GPA 3.70 / 4.00). 2nd place, Kideco Innovation Challenge 2026. Registered copyright holder for a citizen administration system. Built 4 web systems from requirements to deployment with Laravel, React, and PostgreSQL/MySQL.

Education

Kalimantan Institute of Technology Bachelor of Computer • GPA 3.70 / 4.00
Information Systems Balikpapan, Indonesia • Aug 2022 – Jul 2026
Concentration in Web-Based Information Systems Development. Relevant Coursework: Web Programming, Database Administration, Object Oriented Programming, Software Engineering, Data Mining, Cloud Computing, UI/UX Design, Information System Project Management.

Projects

Kideco Matrix - Contractor Fuel Ratio Monitoring & Analytics Aug 2026
Built a web platform that pinpoints why a mining contractor's fuel consumption deviates from target (a 17% variance in the case analyzed), separating problems caused by equipment productivity from those caused by fleet inefficiency. Processes 51,000+ operational records with automated data validation and a locked approval workflow, so figures cannot be altered after sign-off. Serves 1 company administrator and 5+ contractor administrators through a REST API (Express, React, PostgreSQL). 2nd Place, Kideco Innovation Challenge 2026, recognized by PT Kideco Jaya Agung
Github

INTERSI-ITK (ITK Information Systems Internship Management) Jan 2026 – Jun 2026
Built a Laravel and Vue system digitizing the full student internship workflow (submission, verification, advisor allocation, evaluation), replacing a manual process. Serves 40–60 active users per semester across 4 roles (student, lecturer, program), each with a tailored dashboard and real-time notifications. Set up CI/CD with GitHub Actions

https://intersi-itk.myst-tech.com

SI-RT (RT 36 Wonorejo Digital Neighborhood System) Feb 2025 – Jun 2025
Built a Laravel self-service platform for 200+ residents to request official letters and access community information without visiting the neighborhood head in person. Added cash bookkeeping and announcement features and officially registered under Indonesian Copyright Law

https://rt36-wonorejo.my.id

Skills

Languages & Frameworks
PHP, Laravel, Node.js (Express), React.js, Next.js, Typescript, Python

Database Management
MySQL, PostgreSQL, Supabase, Schema Design, Query Optimization

APIs & Architecture
RESTful API, Role-Based Access Control (RBAC)

DevOps & Tools
Git/GitHub, GitHub Actions (CI/CD), Docker

Analysis & Documentation
Requirements Analysis, UML Modeling, SDLC

Project Management
Jira, Taiga, Notion

Work Experience

Kalimantan Institute of Technology Balikpapan, Indonesia
Teaching Assistant - Cloud Computing Aug 2025 – Dec 2025
- Mentored 17 student teams in building full-stack web applications (Laravel, React, MySQL), with all teams successfully deploying to production
- Guided CI/CD adoption via GitHub Actions and coached teams on role-based Git workflows (QA, backend, frontend)

Kalimantan Institute of Technology Balikpapan, Indonesia
Teaching Assistant - Software Engineering Feb 2025 – Jun 2025
- Mentored 8 student teams (60–70 students across both courses) through a full 16-week software engineering cycle, from requirements analysis to design documentation (SKPL, DPPL, DLPA, DUPL)
- Gave hands-on feedback on requirements and design documents, resulting in all teams completing the course

Balikpapan City Tourism, Youth, and Sports Agency Balikpapan, Indonesia
IT Support Intern Dec 2024 – Feb 2025
- Identified that the agency's tourism guidebook existed only in print and did not reach the whole city, then built a full-stack Tourism Information System prototype (requirements to deployment) targeting Balikpapan residents and tourists
- Provided daily IT support: hardware/software troubleshooting and device maintenance

Organizational Experience

INSPACE ITK | Sponsorship Division Mar 2023 – Aug 2024
Balikpapan, Indonesia

- Head (INSPACE 2024): led a 13-person team, designed the sponsor approach strategy, prepared cooperation proposals, and negotiated with companies and institutions. Secured 7 sponsors and 20+ media partners against a Rp10 million funding target, fulfilled through in-kind support (discounted equipment rental and lodging, and benefit exchanges such as free tent rental for the bazaar in return for selling products)
- Staff (INSPACE 2023): part of a 16-person team that raised Rp20 million in cash against a Rp10 million target (200%), with 5+ sponsors and 15+ media partners. Followed up prospective sponsors and prepared proposal materials

Information Systems Student Association, Kalimantan Institute of Technology (HMSI ITK) Aug 2024 – Jun 2025
Balikpapan, Indonesia

- Treasurer: managed the association's budget, cash flow, and periodic financial reports to the board and the department, and kept finances on track through a deficit caused by delayed budget disbursement by trimming and reprioritizing departmental budgets
- Secured a Rp8 million grant, the highest the association has received and up from Rp1 to 3 million in previous terms (about Rp5 million more in one year)

Awards

2nd Place Winner – Hackathon Category, KIDECO Innovation Challenge (KIC) 2026 2026
PT Kideco Jaya Agung (Indika Energy Group)

Registered Copyright – Computer Program, SI-RT Wonorejo 2025
Ministry of Law and Human Rights of the Republic of Indonesia (Directorate General of Intellectual Property)

Certifications

UI/UX Design Training – From Idea to Reality Oct 2024
Information Systems Student Association of Kalimantan Institute of Technology

Junior Web Developer Workshop – Becoming a Full-Stack Developer Oct 2023
Information Systems Student Association of Kalimantan Institute of Technology

JavaScript Programming Feb 2023
Dicoding Indonesia
